Summary

With over 10 years of experience in the IT industry and 5+ years of experience in data handling, I possess a strong foundation in network engineering, database administration, technical support, education, and data analysis. My expertise spans network infrastructure management, database design and management, software development, IT instruction, CAD design, data entry, and data analysis.

I'm eager to leverage my skills and experience in a full-time opportunity that allows me to develop, challenge myself, and contribute to a dynamic organization. I'm excited about the prospect of joining a team where I can apply my expertise, learn from others, and drive growth and innovation.

If you're interested in discussing potential collaborations, projects, or opportunities, feel free to reach out! I'm looking forward to connecting with like-minded professionals and exploring new possibilities.
